FIXED RATE CONSUMPTION CHANGE REQUEST

I understand that I am currently being billed for the minimum usage of 400 cubic feet for the first two months of each quarter. I also understand that for the last month of each quarter, I am currently being billed for my actual usage. This means my bill is higher if I have used over 1200 cubic feet for the previous three months. Since my usage is consistently higher than the minimum, I would like to increase my fixed rate consumption so that my billing is more evenly distributed.
