

REFERENDUM ON RESOLUTION
(By Petition)

City of Mount Vernon, Ohio

A majority affirmative vote is necessary for passage

This resolution authorizes the City of Mount Vernon to enter into contract with the Ohio Department of Transportation to complete a project on Edgewood Road. The first phase of the project will be to design the rehabilitation of Edgewood Road, its underground utilities and approaches from Ohio 229 to US 36. In addition to the current roadway, the design phase will consider if it would be appropriate to add curb and gutter and sidewalks to the roadway. In the second phase of the project, and contingent on funding, the Ohio Department of Transportation will then reconstruct the underground utilities, roadway and approaches. After construction is completed the City agrees to maintain the roadway and improvements along the length of the project.

	YES	Shall the resolution enacting the proposal to enter into contract for the design of the rehabilitation and improvement of Edgewood Road be approved?
	NO
