

### **Natural Gas Program**

A variable price has been selected for the natural gas aggregation. Beginning April 2024 through March 2025, a rate of NYMEX + \$.149/Ccf plus btu conversion will apply. During that period the Columbia Gas of Ohio rate is NYMEX plus \$.166/Ccf and can be tracked here: <https://puco.ohio.gov/utilities/gas/resources/columbia-gas-sco-historical-charts>. For enrollment information, contact IGS Energy at [\(877\) 353-0162](tel:877-353-0162).

### **Electric Program**

The City has entered into an electric aggregation program with Energy Harbor (Now Dynegy) for the term of July 2021 to December 2025 at a fixed rate of \$.0469/kWh. Until May 2025, the AEP Ohio rate is expected to be about \$.0768/kWh and can be tracked here: <https://puco.ohio.gov/utilities/electricity/resources/historical-ptc-chart-aep>. Eligible customers are automatically enrolled in the program unless they recently moved into their location. This is no early termination fee. Commercial accounts with annual usage over 700,000 kWh per year can call Buckeye Energy Brokers at [\(866\) 302-2237](tel:866-302-2237) for a discount analysis. For enrollment information, contact Dynegy at [\(866\) 636-3749](tel:866-636-3749).
